

Job posting Distributor-Manager (m/w/d)

We are looking for a full-time Distributor Manager to strengthen our team at our location in Zella-Mehlis.

Your tasks

- Identification, maintenance, and expansion of our distribution channels and new partners
- Working together with our sales and marketing department
- Joint trade fair organization
- Support for our partners' marketing activities
- Technical product presentations

Requirements

- Completed studies in electrical engineering, process engineering, or a related technical field
- Professional experience in distribution and/or sales
- Initial experience in industrial measurement, control, and regulation technology and/or process engineering
- Fluent German and English skills, ideally supplemented by French and other language skills
- Strong organizational and communication skills
- Independent, responsible, and solution-oriented work style
- Flexibility

This is what we offer

- Onboarding takes place "on the job" within a dedicated and competent team.
- Modern and friendly work environment with short decision-making processes.
- Long-term collaboration.
- Support for your personal and professional development.
- Flexible working hours.
- Additional optional benefits, e.g., company pension scheme with a contribution exceeding the statutory minimum.
