Job posting
Production Manager (m/f/d)

Do you enjoy taking responsibility while also being willing to roll up your sleeves and get hands-on? Then you've come to the right place. For our manufacturing operations in Zella-Mehlis, we are seeking a Production Manager (m/f/d) to provide technical leadership to our team and organize daily workflows. As part of the team, you will also get hands-on and work together to ensure smooth production processes.

Your tasks

- Technical leadership and organization of our production team
- Planning and coordination of production orders
- Ensuring quality, adherence to schedules, and workplace safety
- Active participation in production operations
- Process optimization and close collaboration with R&D, quality assurance, and management

Requirements

- Completed technical training, ideally with further qualification as a master craftsman or technician
- Several years of experience in manufacturing
- Initial experience in leading staff is an advantage
- Sense of responsibility, organizational skills, and a hands-on mentality

This is what we offer

- On-the-job training within a dedicated, competent team
- Single-shift operation
- Long-term employment
- Modern, family-like work environment with short decision-making paths
- Support for your personal and professional development
- Additional optional benefits, e.g., company pension scheme with an employer contribution exceeding statutory requirements

Job details
